MESSAGE

On the historic occasion of the High Court at Calcutta entering into 150th year of its foundation, I convey my heartiest felicitations and good wishes to the judicial fraternity at Calcutta. The inaugural function on 21st and 22nd April to commemorate this sesquicentenary year is indeed a momentous occasion not only for the High Court at Calcutta but for the entire nation.

The Constitution of India enshrines the concept of social justice and equal opportunity to all for seeking judicial redressal at various Courts. Our independent and impartial Indian judiciary has ensured the total implementation of this right to all citizens of our country. It is noteworthy to mention that the High Court at Calcutta has upheld the judicial integrity and delivered various landmark judgements, thereby making a monumental contribution in ensuring a legal system which is vibrant, fair and accessible to one and all.

I convey my warm greetings and good wishes on this grand occasion and wish the function all success.
